“(II) the relevant successor documents or recommendations of such guidelines;

“(iii) use modern, relevant privacy- and security-enhancing technology, and enhance and update the data system as necessary to carry out the purpose of this subsection;

“(iv) ensure data privacy and security is consistent with any Federal law relating to privacy or data security, including—

“(I) the requirements of sub-
chapter II of chapter 35 of title 44, United States Code, specifying security categorization under the Federal Information Processing Standards or any relevant successor of such standards;
